

## **Recommendation Letter**

30<sup>th</sup> August, 2024

To whomsoever it may concern,

It is my pleasure to recommend and endorse Meetkumar Patel who worked with CDW Canada as an Intern from 13<sup>th</sup> May 2024 until 30<sup>th</sup> August 2024.

My name is Ajish Balan and I lead the Sales and strategic Planning & Analytics team at CDW Canada, and I've had the pleasure of working with Meet for over three months. In this short span of time, Meet proved he is an asset to the team with his technical knowhow and automation efficiencies. He collaborated extensively within and outside the team with several stakeholders to drive innovation through his efforts to develop a one of a kind chatbot as part of his project. Along with this, he automated several reports and made process improvements through his innovative efficiencies.

During our time together, he has demonstrated hard work and made impressive changes to enhance his skillsets and abilities in all aspects (soft skills and technical skills). His adaptability, determination, passion for data and result oriented mindset has truly benefitted the team and the company.

I am confident that he will be a productive addition and an excellent fit to any organization he joins. As he pursues his studies, I wish him the best for his future!

If you have any questions or if you need me to elaborate more on Meet's achievements and contributions, please feel free to reach out to me at 437-772-5222 or [ajish.balan@cdw.ca](mailto:ajish.balan@cdw.ca)

Thanks,

Ajish Balan
